

# You're Invited!

The Wisconsin Jobs and Energy Coalition is providing a hands-on pipeline experience with the #SafestWay Tour.

Join us to see, touch, feel **and even add your signature** to a 34-foot piece of pipeline — just like the pipe that will be used in the Line 5 relocation project.

## WHY IT MATTERS:

- ✓ Pipelines have a 99.99% safety record
- ✓ Shutting down pipelines like Line 5 would dramatically increase gas prices
- ✓ Line 5 is major supplier of Midwest propane
- ✓ Pipeline projects provide good paying jobs and boost local economies
